Project Design or Preparation																			
Design Twelfth Avenue water main installation from water tower to Lake Street													X						
Projects																			
Lake Street (US-23) water main replacement																			
• replace existing water main with 12-inch water main from 616 West Lake Street (Post Office) to the water tower in conjunction with MDOT project to reconstruct US-23		X	X																
Bay Street (US-23) in East Tawas primary water main installation																			
• install new 12-inch primary water main along US-23 in East Tawas from Tawas Beach Road to the pit meter next to 707 East Lake Street in conjunction with MDOT project to reconstruct US-23		X	X																
Lake Street (US-23) water main replacement (Phase 1)																			
• replace existing 6-inch cast iron water main on Lake Street beginning at Ninth Avenue continuing southwest approximately 1,350 feet ending at 1029 West Lake Street				X															
Lake Street (US-23) water main replacement (Phase 2)																			
• replace existing 6-inch cast iron water main on West Lake Street beginning at 1029 West Lake Street and continuing southwest approximately 1,350 feet ending at 1127 Bay Drive						X													
Lake Street (US-23) water main replacement (Phase 3)																			
• replace existing 6-inch cast iron water main on Lake Street beginning at 1127 Bay Drive and continuing southwest approximately 1,350 feet ending at the intersection of Bay Drive and Townline Road								X											
Twelfth Avenue water main installation																			
• install 12-inch water main from water tower through 120 acres along Twelfth Avenue to Lake Street to loop distribution system • obtain utility easement at the end of Margo Street to 120-acre property for main looping													X						
Third Avenue and Second Street water main replacement																			
• replace existing 6-inch cast iron water main on Third Avenue from First Street to Whitmore Street and on Second Street from Third Avenue to Fourth Avenue																	X
